Conflict of Commitment and Outside Activities of Faculty Members

Annual Reporting and Prior Approval
You must receive prior approval to engage in Category I activities outside the University:

- Teaching
- Research
- Assuming a founding/co-founding role of a company
- Employment outside the University
- Administration of a grant at an educational institution, trust, organization, government agency, or foundation
- Assuming an executive or managerial position outside of the University.

Annual Reporting Only
You must report annually any Category II activities:

- Additional University-compensated teaching (not including summer session)
- Providing a workshop for industry
- Consulting or testifying as an expert or professional witness
- Providing outside consulting services
- Serving on the board of directors outside of the University
- Providing outside consulting or compensated professional activities

Number of Days
A full-time faculty member on an academic-year appointment normally may engage in outside professional activities for up to

- 39 days

from the start of the fall term through the end of the spring term (including intersession).

There are no restrictions on the number of days of outside professional activity for academic-year faculty during the summer months unless an academic-year faculty member is receiving University compensation for the summer. If an academic-year faculty member is receiving University summer compensation, then the applicable limit on outside professional activities is the equivalent of one day per week during the period in which compensation is received (unless a funding agency specifies otherwise).
